Gentlemen:

Mr Ludwig Eckner of Tanna (a little village) - Reuss - Germany - one of those small "Reuters" over 70 years old, is in great distress. Had to sell (some of) his clothes for food. I know him personally. a truthful and honest man.

He has one Siegesthaler of Sachsen 1870-71
one " " Preussen " "
one " " Bayern " "
one " " Wurtemberg " "
one " " Bremen " "

and he asks me if I could not get him ten Dollars for the Sachsen and five Dollars each for the others. I know absolutely nothing regarding Coin collections and if this interests you I will communicate with him or you can do so direct. He can read english and french.

Thanking you in advance for anything you can do for this worthy old man

I am

Very truly Yours

Dear Sir:

I very much doubt if your friend in Germany can get much for the Siegesthaler in this country as none of them are rare. They would bring about one dollar each, I think. I would suggest your writing to Mr. F. G. Duffield, 1811 Mosher Street, Baltimore, Md.; possibly he could advise you better than I.

Very truly yours,

Curator
